Dear Centennial District Chairman Sreedevi,

‘If you want to give light to others you have to glow yourself.’

An artist doesn't measure their success in the number of paintings they sell. They measure it in personal growth and achievements along the way. Just like that artist, this achievement of holding the highest office of your District only adds to your success. I'm so happy that I will get an opportunity to watch your journey. Congratulations!

Sreedevi, on your way to success, not everyone will stop and praise your achievements. But I want you to know that I'm always here watching and complimenting you. What you are able to accomplish will never cease to amaze me...

When Steve Jobs set out to build the Macintosh, he didn't know he would effectively change the future of the world. As I have watched you achieve each milestone on your journey from District Editor/ISO to District Chairman, there is no doubt in my mind that you have the potential to change the world. I'm so proud of you. Congratulations!

‘Let your light shine so bright that others can find their way out of the darkness!’

Good luck with your new adventure!

Involve...Inspire...Illuminate...Inner Wheel!!!
